*Life at Five Gables...*

At Five Gables, we want you to go about day-to-day life as you always have done, and we encourage this by providing opportunities to participate in activities including games, quizzes, arts & crafts, attending outings, socialising and more. We also have a visiting hairdresser, chiropodist and optician.

Our homemade meals are all freshly prepared each day by our cooks, with a variety of choices available to meet all your dietary requirements. There are drinks and snacks available at any time.

*A little bit about Five Gables...*

This has been a residential home in the rural village of West Moors, Dorset since 1984 and the current owners, Julie and Brian, live next door and have owned and managed the home since 2006. They work actively each day within the home, alongside their two daughters and a team of caring and compassionate staff, who are highly trained and focus on person centered care.

*Our Values...*

We take pride in promoting independence and the way people choose to live their lives and it is very important to us that everyone feels valued and safe. At Five Gables, we like to create a 'home from home' feel for all our residents and this is why we make sure this is somewhere where we would be happy for our own loved ones to live.

*What we offer...*

We offer the following care services:

- ♥ Long-Term Residential Stay
- ♥ Short-Term Respite Stay
- ♥ Day-Care Support

We are more than happy to talk through these options with you, at any time of the day.

*(As a registered care service provider, we complete a full pre-admission assessment which allows us to determine whether we can meet your individual needs and if we are the right home for you)*

*Accommodation...*

We have twelve bedrooms of varied sizes, all with ensuite or nearby bathroom access - we encourage you to bring in personal belongings to make you feel at home. We have a dining/lounge area with access to our beautiful garden. We also have a separate lounge that is always available, for anyone who would like to go somewhere a little quieter or more private, adjoining our small courtyard.

All areas of the home are fitted with 24-hour access to the NurseCall system, which means you or your loved one will always have peace of mind that help is nearby.

All the bedrooms have a television, everyone can access our Wi-Fi for free, and there is the option for a private landline at an additional cost if desired.

*Furry friends are welcome to visit at any time!*

Please note, smoking is not permitted within the premises
